

154

A software suite for Undergraduate Medical Education programs to support both learners and administrators through simplifying every stage of the clinical journey.

> **CORE**[®] HIGHER EDUCATION GROUP

Student Readiness Through eLearning

Help students sharpen their soft skills, professional skills, residency and career preparation with CORE's READINESS platform.

Developed from clinical experience and accreditation needs, READINESS supports your program while strengthening students' skills in preparation for rotations, residencies, and the professional environment. Schools easily measure accountability and compliance through a comprehensive reporting suite and seamless data integration with the CORE technology suite.

Explore What READINESS has to Offer

READINESS is an eLearning platform hosting custom learning centers to support your program while preparing and training students for healthcare professions.

Visit the CORE website or contact us for dates and speaker lineup.

Switching to CORE was an easy decision. CORE had the best value, and exactly what we were looking for in terms of support. The CORE team has been with us every step of the way, providing training so that we felt comfortable once we were rolling it out to students, faculty, and preceptors.

> Dr. Megan Leeds, Pharm.D., BCACP Director of Experiential Education Regis University, School of Pharmacy Denver, CO

66

CORE helped streamline and make our processes so much more efficient. We're able to do things within one single system instead of jumping from system to system, we're able to more easily communicate and we're taking a lot of the duplication out of our day-to-day processes.

66

We really needed to have one system that met our needs. We purchased CORE because we saw the value of having the technological support, but more importantly it's very convenient for our students to actually use CORE and the way it's integrated together.

Dr. Ruth Ford, EdD, MSBS, OTR/L Associate Dean of Health Sciences Huntington University, Doctor of Occupational Therapy Huntington, IN

Dr. Hope Bauman, DNP Practicum Manager Purdue University Globa Lincoln, NE

Π

We recently went through an accreditation site visit and CORE was the focus of many discussions by the site visitors. The examiners were extremely impressed with CORE's utilization in supporting the site visit process.

> Dale R. Turley, PA-C MMS NCCPA CAQ Assistant Clinical Coordinator Lake Erie College, Physician Assistant Program Painesville, OH
