Explore What the CORE Technology Suite has to Offer

How does CORE support your students and administrators through every stage of the student journey?

1. PRE-ADMISSIONS

Increase application volume and yield by educating and exciting prospective students on the many career paths a PharmD degree has to offer with a custom Career Exploration Center.

2. COMPETENCIES AND CO-CURRICULARS

Comply with accreditation standards by efficiently managing and reporting on student competency assessments and co-curricular activities.

3. EXPERIENTIAL AND CLINICALS

Improve departmental efficiency and the student experience by managing the entire experiential/clinical process within one comprehensive and purpose-built application.

4. POST-GRAD READINESS

Prepare students for externships, clinicals, residencies, and the workforce by improving soft-skills, professional expectations, market knowledge, communication skills, and interview prep with a custom Student Success Center.

5. RELATIONSHIP BUILDING

Help your students stand apart, establish credibility, and strengthen professional relationships during IPE, clinicals, job/residency interviews, and their practice with a MyCred ePortfolio.
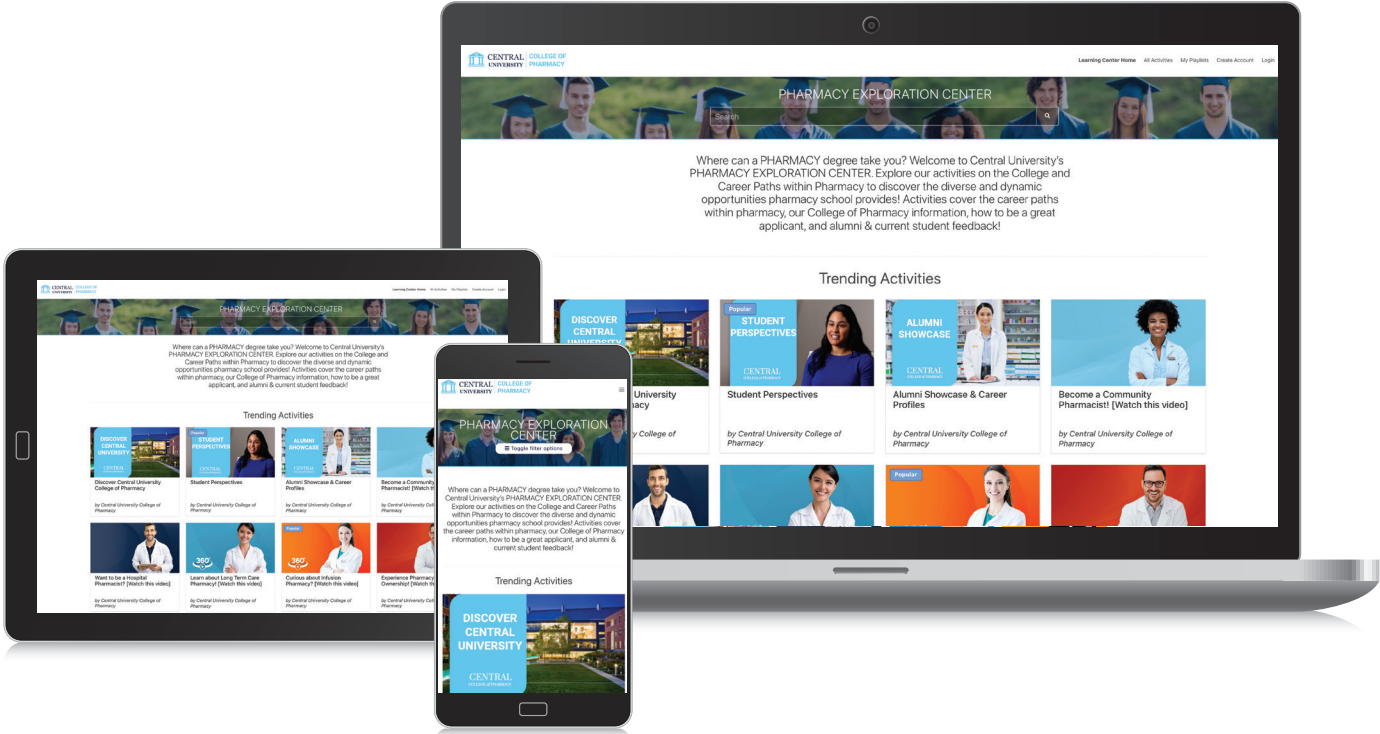

6. CONTINUING EDUCATION

Support your CE department and increase CE activity registrations by promoting your continuing education activities to alumni, preceptors, and the market.

> CORE helped streamline and make our processes so much more efficient. We're able to do things within one single system instead of jumping from system to system, we're able to more easily communicate and we're taking a lot of the duplication out of our day-to-day processes.

> Switching to CORE was an easy decision. CORE had the best value, and exactly what we were looking for in terms of support. The CORE team has been with us every step of the way, providing training for us so that we felt comfortable once we were rolling it out to our students, faculty, and preceptors.
