LOGIN

Both iPhone and Android phones will have identical screen content.

Enabling Location Sharing

For students logging hours on their phone, your institution may require you to enable location sharing. When you Clock-In from your iPhone for the first time, you will be presented with a message asking if you would like to enable location sharing. Select the appropriate option.

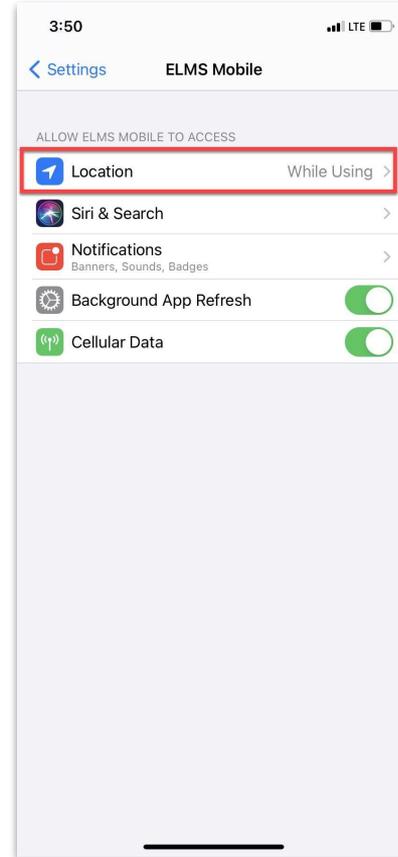

For iPhone users: your phone needs to be updated to iOS 14 or the most recent version

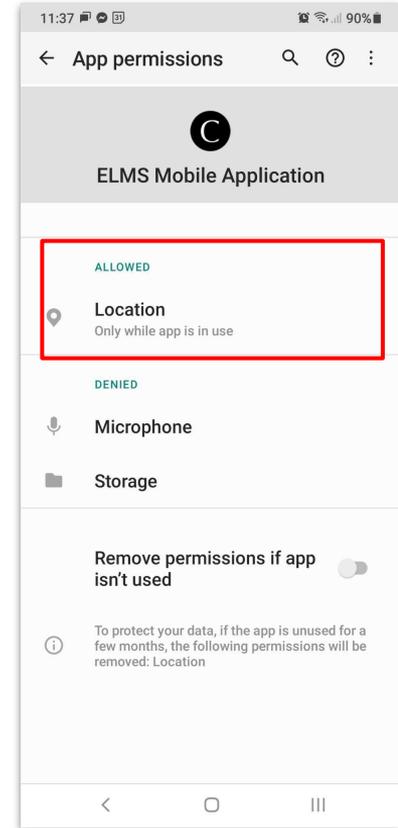

Enabling Location Sharing

You can also go to your iPhone or Android's settings menu, select the **CORE ELMS** Mobile App, and enable location sharing.

Location currently tracked

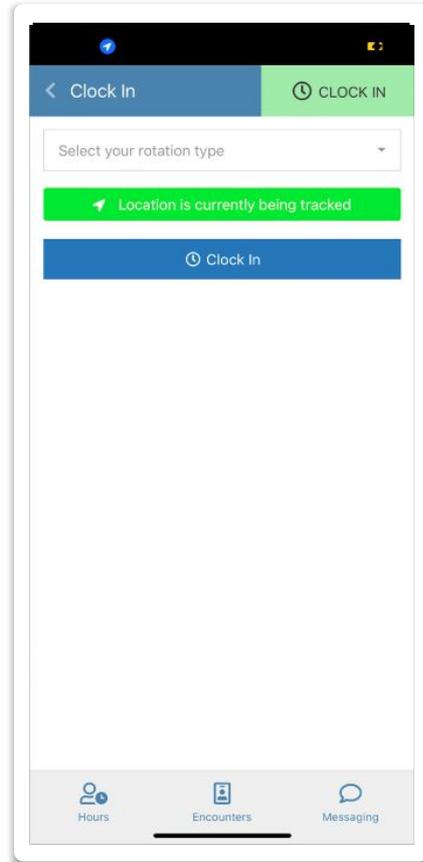

Location not currently tracked

Using the CORE ELMS Mobile App

Once logged in to the mobile app, track your hours by tapping the **green Clock In** button in the top right.

Select your preceptor/site from the drop down menu and click the **blue Clock In** button.

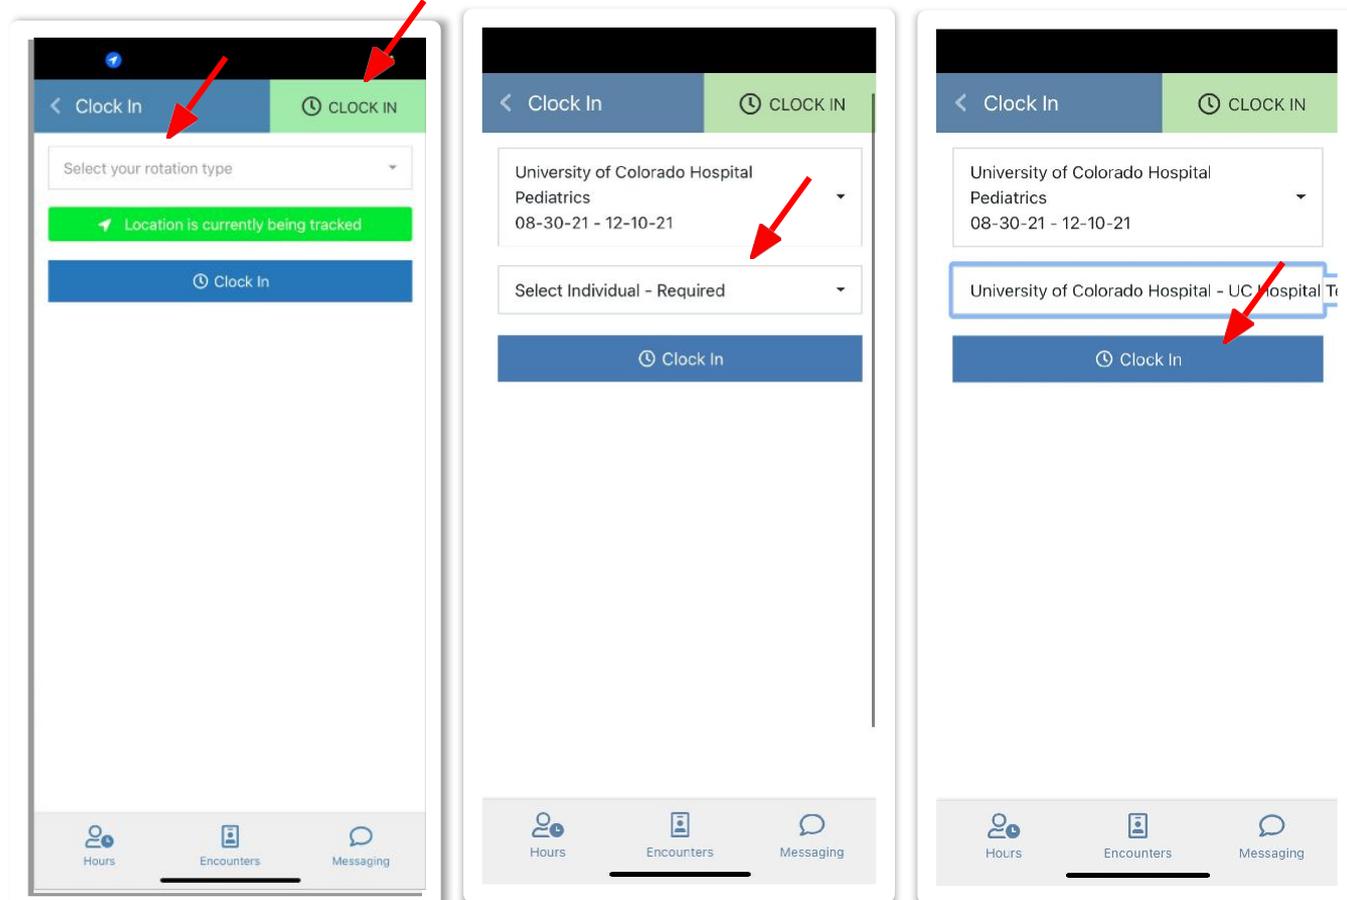

Both iPhone and Android phones will have identical screen content.

Using the CORE ELMS Mobile App

After selecting **Clock In**, you will be prompted to select your **Site** and **Preceptor**:

Select your preceptor/site from the 1st drop down menu and select your individual site from the 2nd drop down menu. Tap the **blue Clock In** button to clock in.

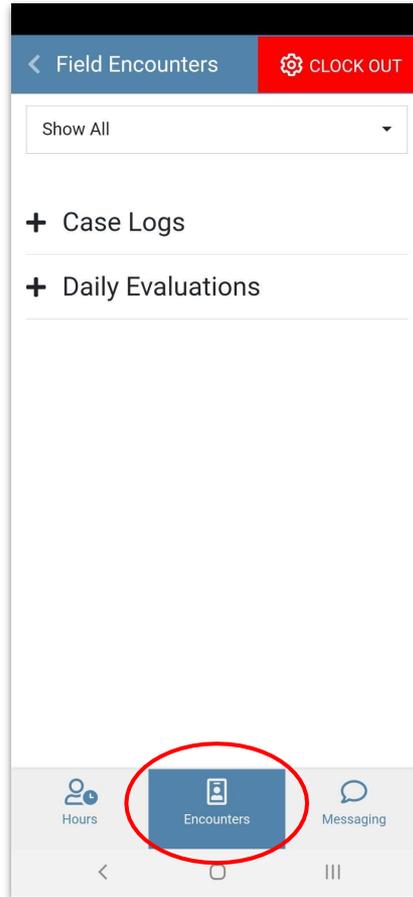

Both iPhone and Android phones will have identical screen content.

Submitting Clinical Logs

When logged in, submit your case logs by tapping **Field Encounters** on the bottom menu

Within **Field Encounters**, your two options are **Case Logs** and **Daily Evaluations**

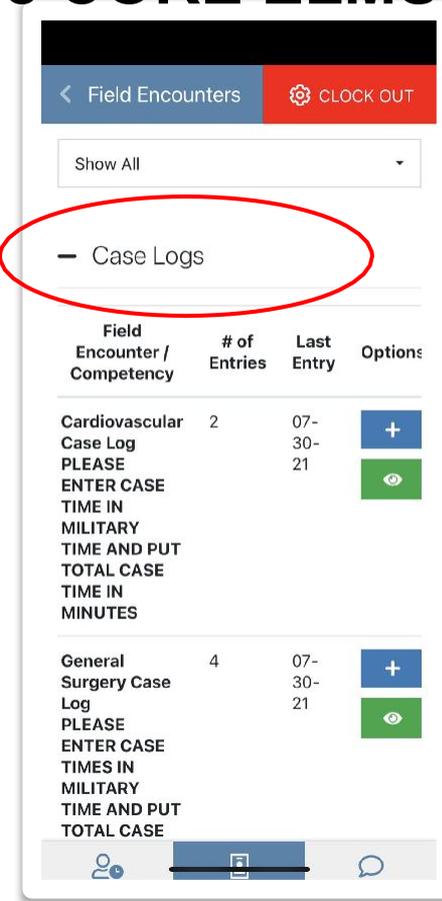

Case Logs are for submitting your daily encounters at your sites. This is where your case log information will be tracked.

Daily Evaluations will be submitted to your preceptor to provide them with an evaluation to complete of your work.

Using the CORE ELMS Mobile App

After selecting **Case Logs**, you'll be required to select from a list of case log categories

Your previous entries are viewable as well

Using the CORE ELMS Mobile App

When completing a **Case Log**, you are required to select the site and the appropriate preceptor

Complete the required additional fields

Tap the **blue Submit Log** button

< Add Field Encounter CLOCK OUT
